Interview with ██████████ Editor in chief ██████████

1. How did you get involved in this line of work?

I actually became a DJ from a class I took in high school. I worked for people, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

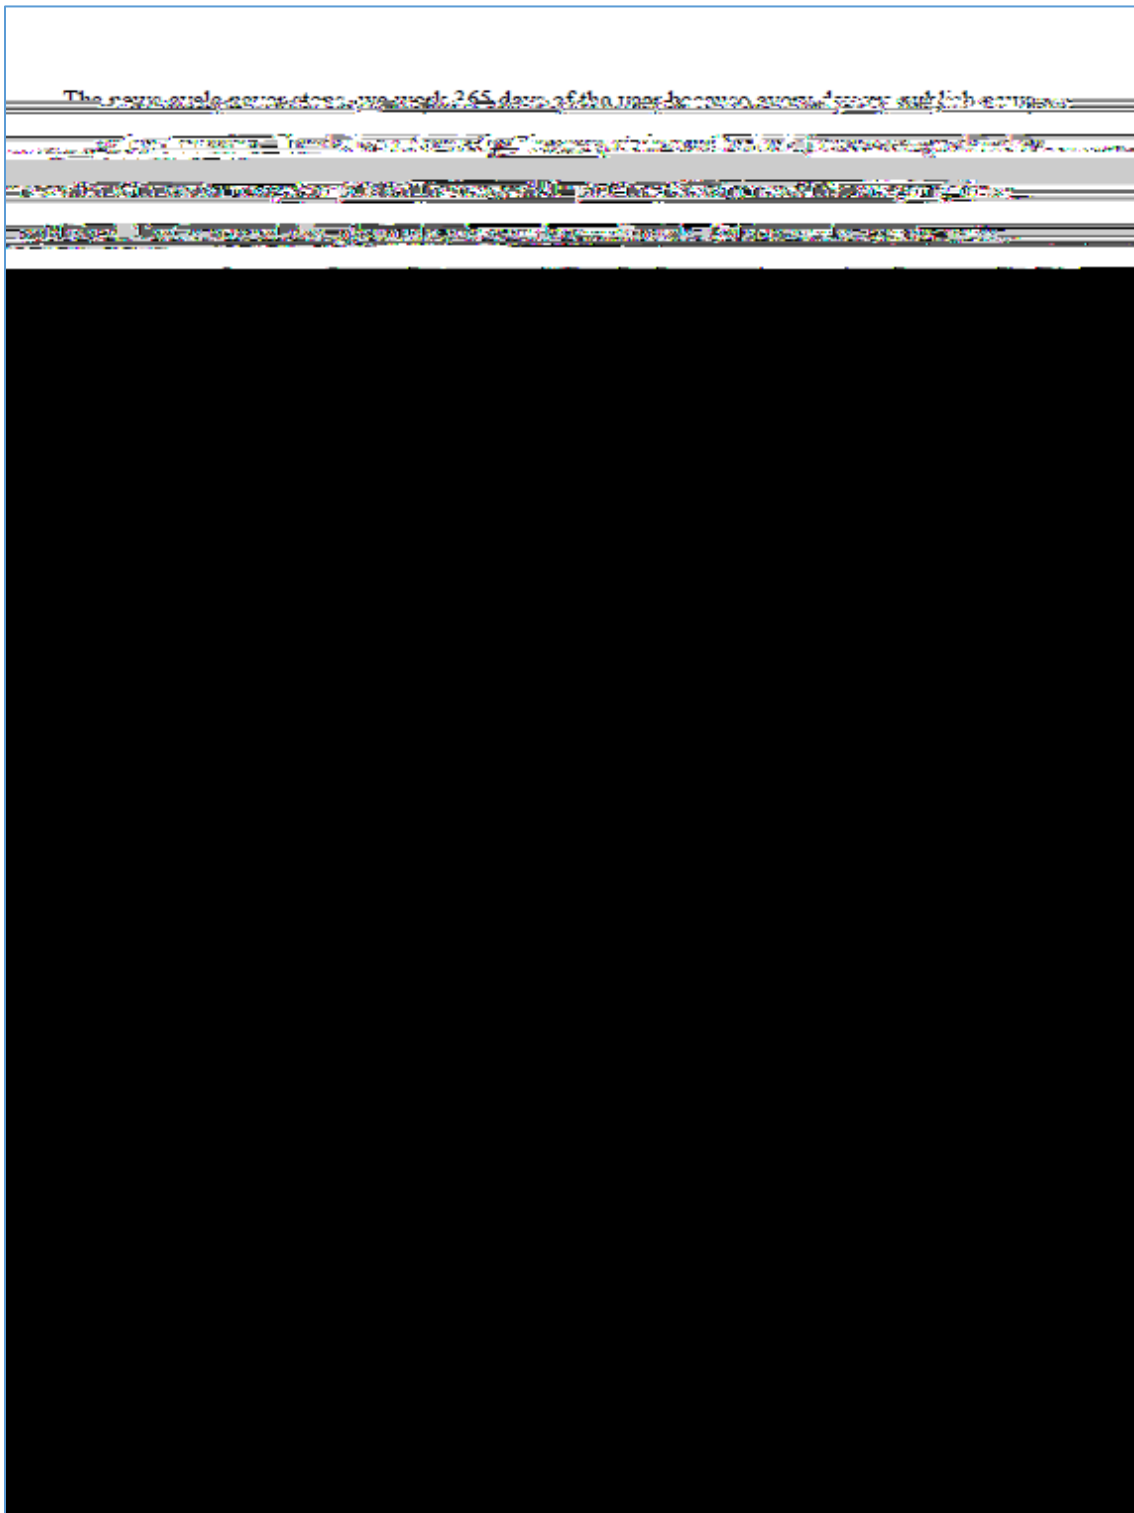

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

I started in high school, worked on my own, started doing my own thing. I worked for the DJ in high school, worked on my own, started doing my own thing.

14. Are there ways to “try out” this line of work, i.e. internships, summer jobs, part-time work?

The best way to try out this job is to reach out to the creative team. Internship and freelance are

our career? 15. What do you wish you had known when you began your college career? Trust your instincts and own who you are without apologizing. In the begin
